

MSTAR Alumni

2006

| Program Site | Name | Home Institution | Mentor | Project |
|--------------|------------------|---|----------------------------|--|
| UCLA | Valerie Arboleda | UCLA, Geffen School of Medicine | Larissa Rodriguez, MD | Effects of Aging on the Proliferation and Differentiation of Adipose Stem Cells |
| UCLA | Jana Colton | Yale University, School of Medicine | Lene Levy-Storms, PhD, MPH | Long-Term Care Staff Communication and Observed Resident Affect at Mealtime |
| UColo | Monica Corrigan | Midwestern University, Chicago College of Osteopathic Medicine | Cari Levy, MD | Improving End-of-Life Outcomes in Nursing Homes: Pilot Study Targeting Residents at High-Risk of Mortality for Palliative Care |
| UCSF | Rajitha Devadoss | SUNY, Upstate | Sara Knight, MD | Understanding Treatment-Related Symptom Outcomes Among Prostate Cancer Patients |
| UColo | Rachelle Klammer | UColorado, Health Sciences Center | Wendee Gozansky, MD, MPH | Effects of Exercise-Induced Negative Energy Balance on HPA Axis Activity in Post-Menopausal Women |
| UCSF | Elizabeth Kwo | Harvard Medical School | Michael Steinman, MD | Physician Use of Brand vs. Generic Drug Names in the US from 1993 to 2004 |
| UCLA | Jeffrey Lai | Albert Einstein College of Medicine | John Ringman, MD | Mapping Cortical Surface Change in Persons At-Risk for Familial Alzheimer's Disease |
| UCLA | Jenny Lau | New York Medical College | Arleen Brown, MD, PhD | Blood Pressure Control Among Older Community-Based African Americans and Latinos with Diabetes |
| UCLA | Crystal Luetters | University of California, Irvine | Gail Greendale, MD | Does Progression Through Menopause Negatively Affect Cognitive Performance |
| UCSF | Adam Schickedanz | UCSF | Rebecca Suddore, MD | Barriers to Advance Care Planning in Diverse Older Adults |
| UColo | Yao Xu Schmidt | University of Colorado, Health Sciences Center | Patricia Heyn, MD | Obstructive Sleep Apnea is Associated with Plasma Testosterone Levels Among Mildly Hypogonadal Aging men |
| UCLA | Ghiam Yamin | UCLA, Geffen School of Medicine | David Teplow, MD | Understanding the Binding Characteristics of Amyloid-Associating X-34 and Pittsburgh Compound-B |
| UCLA | Lawrence Yu | Rush Medical School | Perry Hu, MD, PhD | Are Baseline Antioxidant Levels Associated with Subsequent Changes in Inflammation Burden? |
| UCLA | Taya Varteresian | AT Still University, Kirksville College of Osteopathic Medicine | Tara Gruenewald, PhD | Feelings of Usefulness and Physical Functioning in Older Adults |
| UCLA | Treasure Walker | University of Maryland, School of Medicine | Rose Maly, MD, MSPH | Visit-Specific Social Support in Older Racial/Ethnic Minority Women with Breast Cancer |
| UCLA | Jason Wang | Northeastern Ohio University, College of Medicine | Harry Vinters, MD | Vascular Neuropathic Changes in Dementia |
| UCLA | Meghan Wood | UCLA, Geffen School of Medicine | Rita Effros, PhD | Oxidative Stress and Replicative Senescence in Human CD8 T Cells |
